Their evidence against the accused has been considerably modified. Even Mrs. Maud Earl-Ingram, the surviving member of the family, has weakened her testimony. There has been considerable revision of public opinion.

The New Silks

if last year was a silk season, this is to be doubly so. Newer and prettier weaves, broader assortments to select from, better values than formerly—these are the things that give the Coulter store the lead in silk selling in Southern California.

Striped Louisiana silks at 35c a yard—and you would be justified in expecting to pay at least \$1.00 for the same goods elsewhere; beautiful new colorings—green, cardinal, light blue, gray and several other of the leading shades—splendidly good value.

Peau de Crepe—another popular novelty in light blue, reseda, light gray, pink, tan, cream and black—and the price is only \$1.00 per yard; just right for evening dresses and reception gowns.

COULTER DRY GOODS COMPANY.
317-323 SOUTH BROADWAY, LOS ANGELES, CAL.

PERFUMERY DEPT.

Special offer for Friday and Saturday—today and tomorrow: Toilet soap at 5c a cake, when the real value is 10c and 15c; assorted odors—crushed violets, Peau de Espagne, heliotrope, white rose; also transparent glycerine, the imported kind.

Perfumed Ammonia, 16-ounce bottle for 15c; sold in some stores for 35c and 40c—highly scented with sweet Violet, triple strength—on sale at Perfumery Department, left of entrance.

THE NEW RIBBONS

Beautiful line of Fancy Ribbons now on show and sale—mentioned today for the first time; only arrived this week.

One of the very new effects is Bala brocade with moire stripes; another is the popular line of Dresden ribbons, in all the widest widths—and there are lots of others.

THE NEW SUITS

Many of them from well Fifth avenue (New York) tailors—styles for street, for church wear and for formal occasions.

The demi-costumes are daintily handsome, while the more modest walking and street suits are decidedly out of the ordinary; in the manner of the making, the style, and most important of all, the material.

The Walking Suits at \$18.00 and up to \$25.00 are by far the best money value we have seen of so-called Scotch and English mixtures, also plain cloth, tailored equal to suits costing half as much more.

Bathing Suits

Styles change in bathing suits as much as they do in other sorts of dresses. This season they're particularly pretty—of Silks and Alpaca—from \$2.35 to \$16.00. More about them in a few days.

SAN BERNARDINO.
DOCTORS ELECT OFFICERS.
 SAN BERNARDINO, March 12.—Previous to the banquet tendered the visiting physicians at Hotel Stewart last night by the San Bernardino Medical Society, an election of officers for the coming year was held, resulting in the choice of Dr. C. Van Zeeburg of Riverside as president, and Dr. Champion of Colton as secretary and treasurer. The society accepted the invitation of the Riverside Medical Society to meet in that city for a banquet in October. At the banquet, Dr. C. J. Riley of Redlands acted as toastmaster, and toasts were responded to by Dr. G. B. Howell, San Bernardino; Dr. J. A. Chapman, Colton; Dr. W. W. Hobbs, Riverside; Dr. C. J. Toind, Pomona; Dr. A. R. Perkins, Riverside; Dr. W. J. Wilmont, Highland; Dr. I. B. Gregory, Ontario; Dr. J. P. Booth, Needles.

POLITICS ELIMINATED.
 Politics are to cut no figure in the city schools for the present. At the Republican convention on Tuesday John H. Barton, the Democratic nominee for member of the State Board of Education, was endorsed, and yesterday the Democratic party, in a caucus session, endorsed the candidacy of D. C. Schlot, the Republican nominee. The two parties, therefore, have agreed to let the election next month, so that both Barton and Schlot will be elected without opposition.

MINOR HAPPENINGS.
 George M. Cooley of this city was last evening awarded the contract for a 125-horse-power boiler, to be used in heating the new wing of the State Hospital at Highland. The contract price was \$280.

Thomas Shay of Highland, who is well known here, had his right hand badly crushed and mangled yesterday by getting it caught between a road scraper, which he was lifting into a wagon, and a wheel of the wagon.

The District Attorney has issued a complaint charging Fred Ashley with forgery. Ashley was arrested by Constable Bagley at Colton. A new trial was denied a motion for Dora Andros vs. L. M. Andros. Mrs. Andros was granted a divorce on the ground of extreme cruelty. The action for a new trial was made by the defendant.

A. J. Martin, the unfortunate man who was found by the officers Tuesday night, partially paralyzed, drunk, and who was handcuffed to the City Jail on a Southern Pacific truck, was found in a hospital and critical condition yesterday morning, and removed to the County Hospital. It is not believed that he will recover.

PRIVATE CAR ROBBED.
 A bold robbery was committed here last night in the Santa Fe yards, when thieves entered a private car occupied by employees of the Postal Telegraph Company and looted it of all valuables. Despite the fact that the robbers were sleeping in the car, they were not awakened by the noise of the robbery. A large quantity of clothing, jewelry and tools and a considerable sum of money.

RIVERSIDE.
ADVANCE IN REALTY.
 RIVERSIDE, March 12.—A big sale of city property was consummated yesterday, which illustrates forcibly the recent rapid advance of realty, particularly in the West Main section of the city. A fragment of 100 feet of the northeast corner of Main and Tenth streets, belonging to Mrs. Martha Davis, has been purchased by P. P. Friedman, C. McCreary and G. H. Seaton, for the sum of \$15,000, or \$150 a front foot. The purchasers, who are recent arrivals from Uniontown, Pa., and all men of wealth, propose to erect a three-story business block on the property, before the close of the year, believing that the completion of the splendid new Courthouse will warrant such an investment in that part of town. A row of one-story structures at present occupies the property. Mrs. Davis, in turn, repurchased from Rockhold Bros. the thirty-foot frontage she sold to them some time ago, situated between the Reynolds Hotel block and the property sold to Messrs. Friedman, McCreary and Seaton, the consideration being \$2500. Mrs. Davis proposes to build on the property at the same time the big block on the corner is going up, so that by the close of the year the block between the Reynolds Hotel and Tenth street will be filled with two fine office and store buildings.

The shooting occurred at 11:30 o'clock, as the two men met on their way home from the dance. Dolores Ruiz was fired at by Ruiz only one of them taking effect. This entered the body in the region of the abdomen, passing out near the spinal column. After an examination by a physician summoned from this city, the wounded man's injury was pronounced probably fatal. It is asserted that the tragedy is the outcome of Ruiz' attacks on Romero's wife.

Romero having declared several times of late that he would kill Ruiz at the first opportunity. The bad blood between the two men was brought to a boiling point at the ball in question, when Romero asked as a partner in the dance the young woman with whom Ruiz has been keeping company for some time past. Ruiz remonstrated, and hot words ensued, but there was no act of violence until the men met on their way home. Ruiz, who is a native of Mexico, declared that he never gave Romero just cause for animosity, denying the charge of improper attention to the wife of Romero, who is a native of the United States. Romero, who is now in the County Jail awaiting the result of his rash act, told the sheriff he stated that for a couple of years past there had been trouble between Ruiz and himself, but declined to go into details, saying that he would tell all when the proper time came for him to do so.

ALLEGED LIBEL.
 The preliminary examination of Frank Sands, charged by C. A. Storke with criminal libel, as a result of a defamatory article published in Sands' paper, the Daily News, last Sunday, was to have been held in Justice Price's court this morning. But Sands asked for further time for the preparation of his defense, and the case was continued until the 24th inst. Sands will be defended by Los Angeles attorney.

SCHLEY ADDRESSES PUPILS.
 Admiral Schley received the school children today at the Washington and Tenth street school. All the pupils of the city schools having the opportunity to shake hands with the distinguished visitor and listen to brief addresses by him. Miller has stated that he had a pocket-knife in his hand when the trouble began, and that when Burson attacked him, he threw up his hand to ward off the rain of blows and that Burson was accidentally cut.

On the stand today Burson showed the scar, one that he will carry the rest of his days. It extends from near his lower ear to a point just under his chin. He said it was an inch deep. The physician who dressed the wound said that the scar in like manner. In his testimony today Burson said that when Miller came at him he said: "You cut me to pieces."

There is quite an array of legal talent on the stand today. Ex-Judge Williams and W. E. Shepherd represented Miller, while Burson is represented by Messrs. Gibson, Theodore Kelley, William King, W. A. Mahan, J. J. Pace, R. D. Whitford, Robert Saxton, Z. E. Good, Albert Cronkrite and Harry Purdy. The case will last several days.

OXNARD WILL TRY AGAIN.
 The old question of the incorporation of Oxnard will come up again before the Supervisors for consideration at an early date. The question has been agitated in the sugar town for a long time and has been before the Supervisors on several occasions, but the fact is that the people have never been able to agree on the boundaries, and each time it has met defeat. The projectors have great hopes for this time.

TICKS AND A LAWSUIT.
 An interesting suit will be begun before the Superior Court and a jury the 14th inst. Henry Balch of Santa Paula wants \$2000 damages from M. Fagan, and for cause of action alleges that the stock of Fagan, which was pastured on the Balch ranch, ruined the land by feeding and infecting it with ticks. Defendant Fagan sets up a counter claim for damages, and alleges that he was injured by his stock by reason of neglect, poor feed and poisoned water, ten or fifteen times the value of the stock. The case while those surviving were so reduced in flesh and strength as to cause him to sell them owing to insufficiency of feed.

TRIAL OF ASSAULT CASE AT VENTURA.

BURSON-MILLER FEUD BEING TRIED IN COURT.

Burson Swears Miller Carved Him With Murderous Intent—Miller Says Cutting was Accidental—Onsard Still Trying to Incorporate.

SPECIAL CORRESPONDENCE OF THE TIMES.
 VENTURA, March 12.—The county seat was full of people today, brought in by the case of the People vs. Oxnard Miller, who is charged with an assault with a deadly weapon on February 2, at Fillmore, in this county, upon the person of Albert Burson, brother of John Burson, the promoter of the Bakersfield-Ventura electric road. The case is attracting great attention by reason of the prominence of the principals.

The facts, in brief, are that Miller and Burson, who occupy adjoining stock ranches near Fillmore, had been at loggerheads for some time, because of the degradation of the cattle of one on the pasture of the other. On this occasion the Miller cattle had been in the Burson pasture. The men met in Fillmore on the evening of the day in question, when Burson accused Miller, stating that his cattle had broken into the Burson pasture. The men met in Fillmore on the evening of the day in question, when Burson accused Miller, stating that his cattle had broken into the Burson pasture.

One hot word brought on another, when Miller gave Burson the lie; Burson then drew a knife and struck Miller falling back before Burson's onslaught, till of a sudden Burson broke away from the scuffle, and he was seen to draw a knife on him, and the blood was spurting from an ugly wound in Burson's neck. Miller has stated that he had a pocket-knife in his hand when the trouble began, and that when Burson attacked him, he threw up his hand to ward off the rain of blows and that Burson was accidentally cut.

On the stand today Burson showed the scar, one that he will carry the rest of his days. It extends from near his lower ear to a point just under his chin. He said it was an inch deep. "OVER FENCE" FOR MORLEY?

Lease on Ball Park is Said to Be Canceled.

That Action Reported Taken by Chutes Managers.

Fiesta Park Mentioned as the Future Battle Ground—Strategic Move.

According to a well-authenticated rumor prevalent in the inner baseball circles yesterday, the Los Angeles Improvement Company, which conducts the Chutes, has canceled the lease held by the Los Angeles Baseball Association on the ball park for alleged infringement of contract.

This reported action on the part of the directors of the improvement company is regarded as one of the first strategic moves on the part of the local backers of the Pacific Northwest League to get the upper hand of Manager James F. Morley and his baseball associates.

It is known that the directors of the company held a meeting Wednesday afternoon at which important matters were discussed and it has leaked out, as such things always do, that the lease on the baseball park was under discussion. It is stated by those who assert some knowledge of the situation that Morley has had difficulty with the Chutes management over business matters for some time, the latter asserting that Morley has not lived up to the provisions of his contract.

With the advent of the opposition league advances were no doubt made to the improvement company for a lease of the park and it is said that on Wednesday the directors voted to terminate a contract which they deem un-
favorable.

James Morley is said to have leased Fiesta Park of Victor Foster and to be preparing to move his ball team thither. Should the reported action of the improvement company's directors be followed out, interesting developments are sure to follow.

CHICAGO'S PRACTICE.

The Chicago ball players spent most of the day in practice at the Chutes grounds yesterday, and it goes without saying that each individual player made good in every way in which he performed.

Manager Morley left the gate open on Washington street and the number of fans that walked in was a reminder

When not on the field, some of the players ran around the grounds to strengthen their wind, the pitchers twirled the ball to get their arms into shape, others took turns at batting, and every one was in the practice in some way.

While the team will remain here but two weeks, the practice in these warm days will do wonders in getting the men into condition. Play will be continued twice every day, and the visitors will go against Morley's men for the first time on Sunday.

WORKING ON NEW GROUNDS.

Active work was commenced yesterday morning on the opposition ball club grounds on Washington street, opposite the Chutes, and will be continued without cessation until the new park is finished. L. R. Garrett, the local attorney for the San Francisco and Los Angeles men who are to back the opposition team with money, has stated that no expense will be spared to make the new grounds first class in every way.

Mr. Garrett is expected to return today from San Francisco with full information as to the details of the opposition league, as far as playing dates are concerned, and it is expected that

EDDIE HANLON.

he will approve the plans this week for the grand stand. The sporting editor of The Times received a telegram from Garrett yesterday from San Francisco, stating that all the preliminary business of the new league has been satisfactorily arranged.

Capt. Charley Healy has not made any announcement as to the list of men he has in view for the opposition team, and this is awaited with interest by the local fans, some of whom think that good players cannot be secured this late in the season.

LOCALS PRACTICE.

The members of Morley's team of the Pacific Coast League were out practicing again yesterday, and are certainly ready to take shape.

Added to by the necessity of having through life the name of Otto von Bismarck or George Francis Train or Teira Lockwood or Carrie Nation or some other equally well-known person. Often the struggle ripens into a battle under the mark weight of this odious necessity.

Still other young Indians are burdened with false and ignorant English translations of the names given them by their parents, like Dog-That-Jumps-Around or Hole-in-the-Day (this great Indian's name should really have been translated Eclipse) or Old-Man-Afraid-of-His-Horse, and so on. With one brother and another, the young Indian's way in civilization is likely to be seriously obstructed by reason of his name. And even if he is given a simple and reasonable English name it often happens that a cheap nickname is given to each one of the children of the same parents—a process which results in confusion in mind and in reality, and paves the way for much litigation.

The President now desires that children who enter schools or go upon the

stage, should have a name that is not a burden to them.

"YEGGS" HELD FOR MURDER.

"Billy" Thought to Have Been Lured to His Death.

Cripple Daugherty Identified as the Cool Slayer.

"Jim" Walters Escapes Questioning and is Suspected of Complicity.

Richard M. Daugherty, the "cool" man, who was found by the police all day yesterday, the object being the identification of "Billy," the murdered man and to learn something of the gang that seems to be mixed in the crime.

One of the theories first held—as a side issue to the main plot—was that William J. Black, the man who was knocked down in a drunken quarrel on East First street earlier in the evening, and taken to the receiving hospital, unconscious, had been struck by "Billy." This conjecture first arose when an envelope from a wholesale epicurean house, was taken from "Billy's" pocket. This was a mate for one found in Black's. "Billy" had a fresh cut on a finger of his left hand, which might have been made by striking a blow, and it probably was.

Black, however, was unconscious, and so nothing could be learned from him. It all looked very plausible, and was a pet theory, but Black was awakened at 11 o'clock yesterday morning, and said that a man, not answering "Billy's" description in the least, had laid him low.

The police assert that Black belongs to the same gang, although probably not connected with the murder, and he will be held for possible information he may be able to give.

MURDER CONSIDERED.

All the facts in the case obtained by the police so far make very plausible, if not convincing, the theory that "Billy's" murder was not for one man's hate. For this reason James Walters was held as an accessory.

Walters said that "Billy" had not slept with him before. In the sympathy of a companion tag he asked "Billy" to share his bed.

Three years of acquaintance, of knocking around the country together, "Billy" sleeps with "Jim" for the first time, and is murdered by one of Jim's cronies. This is the way the police have it stired up. And the inference is that "Jim" knew it was going to happen.

"YEGGS" ALL OF THEM.

The shots that rudely awakened the sleepers in the Mariposa House also agitated from their lairs, it seems, a precious gang of criminals. "Billy," the dead man, had a tough conscience, and was undoubtedly a hole criminal. Walters is a "pugman" from the hide in. He is Daugherty, besides being a Texan and a bad man with the gun.

There are other members of the gang whom the police are still looking for. One is a man with both legs off at the knees, another is Walters's brother, and there are two or three others.

THE BLACK MAN'S BURDEN.

Take up the black man's burden; child of an alien blood.

Draver of Albu's water and hewer of Albu's wood.

From the shores of the blue Zambesi to the fount of the further end.

They need the sweat of black man's brow for the white man's dividend.

By the dread of the Yellow Peril, by the slant of the South Sea, by the godly cant and the royal rant of the race that set you free, wherever the red gold glitters, wherever the diamond shines, go forth, upon compulsion, and labor in the mines.

The winds of the West have heard it, the stars of the South regard it, when the Lords of the Outer Marches went forth on a fruitless raid. That the son of the Mother, Kafir must wake from an idle sleep when the lone gray Mother calls for toil, and the Lord has made it cheap.

Foster-sons of the empire, wards of the baked Karoo, this is the law the Mother makes, and her sword shall prove it true: "Wherever the red gold glitters, wherever the diamond shines, take up the black man's burden and labor in the mines."

Eddie Hanlon, the crack young featherweight fighter, who is here on a visit, was an interested spectator yesterday of the practice of the Chicago team at the Chutes grounds, and thinks some of those players have arms strong enough to go into the fighting business with

BOWLING.

The winter bowling tournament, which has been in progress for the past three months, came to an end last night with games in this city and Pasadena. Long Beach and Pasadena teams played at Pasadena, and the Oaks and the Coliseum teams in this city at the Oaks alleys.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

An intimation that the Park Commission will ask the Council to vote on the extension of the park system was given out by Commissioner George Rice at the session of the board yesterday morning. Fifteen laborers were dropped from the department.

BOND ISSUE PROPOSED TO BUY MORE PARKS.

COMMISSIONER FAVORS SYSTEM OF BREATHING SPOTS.

Belief That City Should Purchase Park in the Southwest—Fifteen Employees Dropped from the Department. Superintendent's Report.

A bond issue for the acquisition of new parks and the extension and improvement of the present system is now under discussion, and it is unlikely that the Council will be asked to call a special election for the purpose at an early day.

Expansion of the park department is deemed expedient and necessary by members of the Park Commission, and some of the City Fathers have likewise interested themselves in the acquisition of more breathing spots for the public.

For years the necessity of securing a park site in the southwestern section of the city has been debated, and the Park Superintendent in his last report recommended that steps be taken to secure a suitable piece of property.

Citizens of the Second Ward are vitally interested in the extension of Echo Park, and the improvement association in the First Ward desires the purchase of Sycamore Grove or "Woodside" by the city. Nearly every section of the city has some scheme for park improvement or extension, and under these circumstances it is believed that a bond issue would carry by a handsome majority.

Estimation of what is in the minds of the Park Commissioners was contained in the remarks of Commissioner Rice at the session of the board yesterday morning.

"I deem it a calamity that the city should lose the opportunity to purchase Sycamore Grove," said Commissioner Rice. "The citizens in this section of the city are very much interested in securing a public park, and they would gladly make a sacrifice of a portion of the purchase price. Echo Park should be extended without doubt. I believe the commission should take up the question and make some recommendation to the Council, not only for one, but for a system of public breathing spots. We need more parks and the Council can call a bond election."

Martin Marsh and Dr. Le Moyné Willis of the Angeles Heights Improvement Association appeared before the Park Commission to urge that speedy action be taken to acquire a block of land lying north of Echo Park and between the park and Reservoir street. The petitioners expressed the belief that the land can never again be secured at such a low figure as today. About seven acres of land are included in this proposed addition to the park, and the cost to the city would be about \$25,000, it was said.

One of the witnesses was a young man named A. M. Hardy. Although he gave it as his firm belief that Hansler was insane, he admitted that he had stood surety for him when Hansler rented the fatal shotgun from Hoeges. He also admitted that he had once called Hansler to take his place as night watchman for a furniture company.

Witnesses who had known Hansler in California testified that his father and mother were both insane. The mother was confined in a private asylum and the father was in a mental hospital.

When the defense was all in, the prosecution made a crack back by calling rebuttal witnesses, who denied that Hansler was insane.

One of these was William Gonsa, who seemed to justify by appearance as to people's insanity.

W. H. Morris, one of the attorneys for the defense, laid a trap for Gonsa. "Suppose," he said, "that you were asked about the sanity of a judge on the bench?"

Judge Smith frowned and called a halt.

"You are getting a little personal. Try yourself," he said, while the courtroom roared. "Why don't you ask him about lawyers?"

The attorney hastily explained that he was referring to a mythical judge. He insisted on an asking if he would not call any man sane by reason of the fact that he was sitting on the bench.

The witness looked at Judge Smith critically and remarked: "Well, I'd call him that."

More testimony in rebuttal will be introduced today.

OBITUES DIDN'T COME.

"SOCIAL" CLUBMAN ARRAIGNED.

G. W. McKinney, whose "social" saloon was raided at Compton Wednesday night, was arraigned in Justice Watson's court yesterday. His bail was fixed at \$200.

Compton temperance people say that the raiders missed the secret booze cellar of McKinney's the first raid.

It is said to be in a store near by.

Odette, the other "social" club man, who escaped, did not put in an appearance, as his friends promised.

TRUSTED TOO MUCH.

MRS. HAWKINS SUES FRIEND.

Her friend, whom she trusted just like a sister, was sued yesterday by Gertrude F. Hawkins.

Mrs. Hawkins alleges that in 1928 she was suing for divorce. As a matter of precaution, she put her property over into the name of Miss Jensen E. Collier, her dear, trusted friend.

Now, she says, she can't get the property back.

CREDITORS FIGHTING.

BUT HATTIE DOESN'T CARE.

Mrs. Hattie Moore, the woman with the many mortgages is so cheerfully unconcerned about the fracas she stirred up that she doesn't take the trouble to come into court and hear the case brought against her.

She is supposed to be the principal defendant in a suit in which John W. Watson is plaintiff.

The other defendants are persons to whom she also mortgaged the same stuff.

One of the defendants is B. G. War-

ally be thinned out and replaced by something more shapely and ornamental.

"Of late our parks have been planted to promiscuously, quarterly or irregularly, with no definite plans," says the report, and then the Superintendent outlines his ideas for the beautifying of the parks.

The report is a severe arraignment of the department of the parks, as the Superintendent asserts that it will take years of labor to correct the mistakes and bring the breathing spots to a condition where they can properly be called parks. He says the pruning shears and the hand saw have been used with a total disregard of consequences.

"Central Park is being run down very fast," says the report. The Superintendent then recommends that more stringent rules and regulations be enforced to preserve the beauties of the park.

The removal of the propagating station from Eastlake Park to Elysian Park is recommended, also the erection of a larger conservatory in Eastlake Park, with special hothouses for orchids and stove plants.

Attention is called to a probable deficit of several hundred dollars at the end of the year, and to the desirability of laying aside each year a sum for substantial improvements in the parks, such as roads, boulevards, conservatories, cockeries and grottoes.

Plumbers Object.

A committee from the Master Plumbers' Association, comprising F. A. Jay, W. T. Quisenberry and Stephens, appeared before the Finance Committee yesterday afternoon to protest against the license imposed on plumbers in the recently adopted ordinance. The plumbers gave the committee a hard-luck story, that would have done justice to a nobler cause. The ordinance fixes a license of \$100 a year, payable in quarterly installments, while the plumbers do not think they should be taxed more than \$50 a year, payable in a lump sum in advance. The committee took the petition under advisement.

Consideration of the proposed purchase of the garbage crematory of Franklin & Alexander was postponed until a joint session can be had with the Board of Health.

Treasurer's Report.

Treasurer Workman's report for February shows the receipts of cash amounting to \$22,851.45 and the disbursement of \$14,614.67. The balance in the treasury at the end of the month was \$7,236.78.

WITNESSES DECLARE HANSLER IS INSANE.

DEFENSE RAISES INSANITY PLEA IN MURDER TRIAL.

WHITTINGTON SENSATION TO END HAPPILY.

WIFE IS BACK AND SUIT FOR DIVORCE WITHDRAWN.

Elopement is strenuously denied by Persons Concerned, and Explanations and Forgiveness Promise to Result in Reconciliation of Husband and Wife.

After thrilling and chilling local society with its variations at intervals during the past month, the Whittington domestic broil promises to simmer out in an unconditional reconciliation, and "live-happily-ever-after" is likely to put a quietus on the sensation.

Elliott L. Whittington has withdrawn his divorce suit. Mrs. Lena Whittington has returned from San Francisco. Harrison Thompson, a railroad man who was a friend of the Whittingtons, also departed.

On February 17 Whittington brought suit in the Superior Court for divorce on the ground of desertion. He also made his wife defendant in a suit to quiet title to certain real estate which he claimed his wife left the office, took a deed to record for him, recorded it in her name, and then fled from the city in company with Harrison Thompson.

From San Francisco Mrs. Whittington came back at her husband with a red-hot answer to his conduct of her castle collection agency, and widely known in this city. Early in February the wife made a confession that she had eloped with Mrs. Whittington. These explanations and forgiveness all around are likely to put a quietus on the sensation.

There is nothing so very wonderful about this lot of silk handkerchiefs. They are of good quality silk hemstitched and come in a great variety of beautiful colored bands and plain white. Almost any store in Los Angeles has almost as good quality for 75c or 75c. In picking up the special bargain in New York for this sale, we ran onto a lot of handkerchiefs and bought them at a price so that we could afford to sell them for 35c. 25c is a good deal to save on a single handkerchief.

BICYCLE

The Hamburger Store

Our Individuality.

WITHOUT deprecating what other stores do not do, we ask the public to judge us as to ourselves alone. We may make some mistakes, but we are always willing to rectify them—frankly, truthfully and honestly with all. We have a set of store rules which must be adhered to by our employees; for as it is public confidence which has established us as the foremost merchandising organization in Southern California; no one in our employ may misrepresent an article in order to make a sale; and all must reply to queries of our customers courteously and frankly.

We do not fear to tell the truth about our merchandise for every article is priced for just what it is, and we can absolutely assure you that no other store can sell you a better quality for the same money. We may lose a possible sale here and there because an article may not be quite so good as a customer thought it was, but our reputation is worth more to us than any possible profits a sale by misrepresentation may bring.

In the twenty-one years we have served the public of Los Angeles and vicinity we have always been foremost in inaugurating store methods which have for their object the best interests of our patrons; and our continued and rapid growth is the best evidence that our efforts have been appreciated and that today we are the people's store of Southern California.

We take a just pride in our individuality for we let nothing influence us in giving to our public other than honest efforts to serve you well. In this great store the poor woman with only a dollar to spend is entitled to and gets just as much value for her small amount, as the woman who has hundreds of dollars to spend. We give no credit, no discounts to anyone. Our goods are all marked in plain figures and priced as low as it is possible for any house to sell merchandise and make a reasonable profit for which all moneys in business enterprises is invested.

"Friday Surprise" Bargains at Hamburger

Every economical housewife appreciates these once-a-week opportunities to save money. In the course of a week's business, lots and broken lines of choice merchandise are gotten together and as our principle is not to carry these things along indefinitely to bunch them at quick-clearing prices, we save our public a good many dollars on articles in every day use. Read all of these carefully for every one has an individual attraction.
